Work Experience

Full Stack Developer Sep 2023- March 2024 MIT programmers | Faisalabad

I served as a Full Stack Developer, contributing to the development of web applications from conception to deployment. My role encompassed both front-end and back-end responsibilities, with a primary focus on React and PHP technologies.

Next Js Developer April 2024- May 2024 Tech Pulse Solutions | Faisalabad

I contributed to the development of dynamic and high-performance web applications as a Next.js Developer. During this period, I focused on leveraging Next.js's capabilities to build efficient and user-centric front-end experiences.

Full Stack Developer June 2024- Present Innvoy Tech | Faisalabad

I am currently working as a Full Stack Developer at Innvoy Tech, where I am responsible for developing and maintaining robust web applications. My primary focus is on utilizing a combination of Next.js, and React.js to deliver exceptional user experiences.
